Remote e-Voting process

- Open CDSL's e-voting website www.evotingindia.com.
- Click on Shareholders/ Members.
- Enter login credentials as received on Email/SMS

Purpose of www.evotingindia.com

- To eliminate paper in the voting process. This involves sending of notices and ballot papers and receiving the said ballot votes.
- Facilitate electronic voting on resolutions of companies in a fair and transparent manner for all classes of security/stakeholders.
- Enable security holders to vote at a time and place of their convenience.
- Eliminate postal and other natural delays which cause a hindrance to postal ballot.
- Increase shareholder participation in shareholder meetings.

The e-Voting platform aims to improve transparency and Corporate Governance standards and also helps in reducing the administrative cost associated with Postal Ballot while facilitating declaration of results immediately after the close of the voting. Additionally investors are also benefited where they can cast their votes on till last day from the comfort of their home / office, while eliminating the chances of their votes being declared invalid.

The site will not be accessible between 00:00 hrs to 01:00 hrs on every Sunday, due to maintenance activity.
