About Kolkata

Kolkata, the vibrant capital city of West Bengal, India, is renowned for its rich history, cultural heritage and academic prominence. Known as the "Cultural Capital of India," Kolkata boasts a unique blend of traditional charm and modern dynamism, making it an ideal host for the NKOC Annual Conference.

The city's warm hospitality and well-established infrastructure, including numerous hotels, restaurants and cultural sites, cater well to delegates from around the country and the world. As a hub for medical education and research, with several top-tier medical colleges and hospitals, Kolkata offers a stimulating environment for professionals gathering to discuss advancements in orthopedics and related fields.

Delegates attending the conference will not only benefit from a high-quality academic program but also have the opportunity to explore Kolkata's myriad attractions. From the iconic Howrah Bridge and the historic Victoria Memorial to the bustling markets of New Market and College Street's book stalls, there is much to see and experience. The city's rich culinary scene, featuring Bengali delicacies such as rasgulla and macher jhol, provides further cultural immersion.

Hosting the conference in Kolkata thus adds a layer of cultural enrichment to the professional learning and networking opportunities, promising a memorable experience for all attendees.

2025

About the Conference

We are excited to invite you to the North Kolkata Orthopaedic Surgeons' Club (NKOC). Annual Conference 2025, scheduled for January 04th to 05th, 2025. This premier event will gather distinguished delegates from across India and around the globe to engage in a series of enriching discussions, workshops and presentations centered on the latest advancements and challenges in orthopedics.

Pre-Conference Workshops:

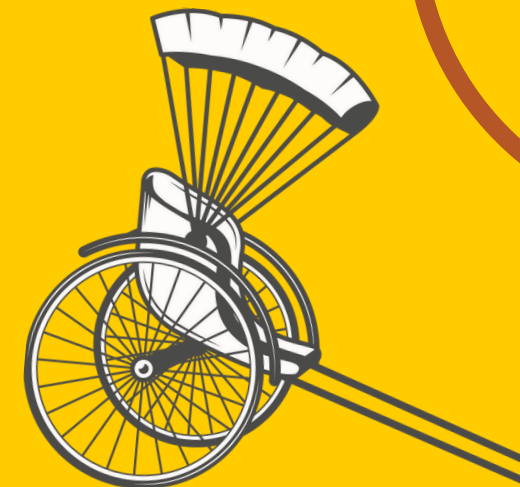

Prior to the main conference, attendees will have the opportunity to participate in specialized pre-conference workshops. These sessions are designed to provide deeper insights and practical skills in specialized areas of orthopedics:

1. Hand Surgery – Techniques and advancements in hand surgery practices.
2. Pelvis & Acetabulum

Conference Workshops:

During the conference, attendees will benefit from a range of comprehensive, free workshops aimed at enhancing clinical skills and broadening knowledge in several key areas of orthopedics:

1. MIROS – A focused session on cutting-edge research and innovations.
2. Paediatric Ortho – Focus on orthopedic challenges and treatments specific to pediatric patients.
3. ATLS – Advanced trauma life support training to improve emergency care responses.
4. Ilizarov/Hexapod – Delve into the intricacies of these complex reconstruction techniques.
